**BUYING ON TIME.**  
A Dollar Down and a Dollar a Week is a Popular Plan.  
There are hundreds of people who buy furniture, clothing, watches and pianos on the installment plan—so much down and so much a week. A nice bank account may be built up in the same way. A dollar down when you get your pass-book, and a dollar a week deposited regularly afterwards amounts to \$22, plus interest. In a year, and \$22 ready money will mean a whole lot to you some day. The First National Bank of Connelville cordially invites you to try this plan. A per cent compound interest.

**LEAVE FOR KANSAS.**

## The Power Behind the Throne

If we please my lady, that is sufficient. If we make a suit which meets with her entire approval, we have done a good job. She notices things a man will never think of—she knows where slight may be made without their being apparent to the casual observer.

We aim to please a man's wife as much as we do to please him. If we didn't succeed, we couldn't have the patronage we have. If we hadn't that, we couldn't make these prices:—

was spent and refreshments were  
served.

A recital will be given tomorrow  
evening at the Institute beginning at  
8 o'clock.

A dance and supper was given in  
the Red Men's hall last evening by the  
Cathion Club. There was a  
couple present and a nice lunch was  
served.

other players of local reputation.  
George Lucien Gennell is taking  
care of the correspondence and is  
now arranging a schedule. Although  
too late to enter the League, he  
in this town, the local fans will be  
represented for the coming season by  
a strong team and at the end of the  
season will challenge the pennant  
winners for the local championship.  
Captain Brown through his untiring  
efforts has gotten together quite a  
number of good material. Practices  
will start at once as they expect to

open the season on Memorial Day  
with some good, independent team  
from this end of the State.

## Women's Secrets

There is one man in the United States who has perhaps heard  
more women's secrets than any other man or woman in the  
country. These secrets are not secrets of guilt or shame, but  
the secrets of suffering, and they have been confided to Dr.  
R. V. Pierce in the hope and expectation of advice and help.  
That few of these women have been disappointed in their ex-  
pectations is proved by the fact that ninety-eight per cent. of  
all women treated by Dr. Pierce have been absolutely and  
altogether cured. Such a record would be remarkable if the  
cases treated were numbered by hundreds only. But when  
that record applies to the treatment of more than half a mil-  
lion women in a practice of over 40 years, it is phenomenal,  
and entitles Dr. Pierce to the gratitude accorded him by women, as the first  
specialist in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without  
charge. All replies are mailed, sealed in perfectly plain envelopes, without  
any printing or advertising whatever, upon them. Write without fear as with-  
out fee to World's Dispensary Medical Association, Dr. R. V. Pierce, Presi-  
dent, Buffalo, N. Y.

## The Pittsburgh Coal Rate Case.

The reopening of the Pittsburgh coal rate case presents a phase of the Interstate Commerce law which is interesting to shippers and ought to be instructive to the railroads.

In the original proceeding, it was found that the railroads were hauling coal from the West Virginia districts to Lake ports at rates comparatively very much lower than the Pittsburgh rate, in spite of the fact that the Pittsburgh district had a profitable back-haul in one. The Commission ordered that the Pittsburgh rate be reduced from 85 to 75 cents per ton, and gave permission to the railroads to make equitable increases in their West Virginia rates.

The railroads were compelled to make the reduction in the Pittsburgh rate, but it seems that they are now endeavoring to take advantage of the permission to advance the West Virginia rates; and to the surprise of the public and doubtless to the gratification of John W. Belknap, the complainant in the Pittsburgh case, they reduced them. This action nullified and defeated the intent and purpose of the decision of the Interstate Commerce Commission to again intervene with a petition asking that the Pittsburgh rate be further cut to 65 cents per ton on the very reasonable ground that the differential is just as unlawful now as it was when the original proceeding was started and that relief is just as necessary now as then, perhaps even more so because of the fact that meanwhile the labor cost of production has increased in the Pittsburgh district.

The railroads allege in defense that the present reduction in rates has cost them in revenue \$1,500,000 annually and that a similar reduction will cost them as much more. This is a serious impediment of earnings, and it raises the pertinent question, why did not the railroads take advantage of the Interstate Commerce Commission's permission to raise the West Virginia rates and thus recoup a portion of the loss in Pittsburgh revenues, instead of still further reducing the already too low West Virginia rates?

Until the railroads have answered this question, they will be responsible in the judgment of public opinion for their present predicament.

## Why Coal Dealers Labor is Scarce.

The continued scarcity of labor in the Conneltsville coal region, a condition which is said to prevail in the Pittsburgh district generally, is explained by a foreign banker and steamship agent, who says it is due to the fact that the foreign labor hitherto depended upon to meet the requirements of the coke, iron and steel industries of West Pennsylvania has been largely diverted to Argentina and Brazil, where there are good and wages are liberal.

It is also stated that there is an industrial awakening in most of the foreign countries where we have drawn our labor supply, and that there is in consequence plenty of work at higher wages than ever before, hence a stronger inducement to remain at home.

It is hard to believe that either Brazil or Argentina pay higher wages or furnish more comfortable living to foreign labor than America does, or that the opportunities of earning a competence are greater anywhere than they are right here in the Conneltsville coal region.

Perhaps the tide of travel to South America may be explained by the fact that the journey is longer, the steamship tickets are higher in price and the commissions of steamship agents are consequently greater.

Those who deposit papers and other things in the corner stores of public buildings should see that they are properly placed or save themselves from bother. The corner store of a Southwestern church was removed a few days ago and the tin box containing records and other interesting matters was full of water which had rotted the contents into a pulpy mass of muddy nothingness.

Uplifting winter weather is no improvement on our own.

The West Side citizens with rural ideas who have thus far failed to modernize their environment by tapping the public sewer system have been officially advised that they will be compelled to do so as a matter of sanitary safety to the community as well as themselves.

South Conneltsville has paused in its effort to construct a new sewer to ascertain its debt-paying capacity. It is a wise pause.

It is reported that the D. & O. will build a new depot at McKeesport, and the McKeesport News finds it difficult to credit the report, perhaps on the principle that it's too good to be true, but we are aware our doubting contemporaries that the D. & O. does build new depots for good towns. Conneltsville has thrived had one and will soon need another.

Pastor Robinson's insanity plea didn't go even in cultured Boston.

The socialist convention stipulated the labor union question. The action was wise. It represents a political party, not an industrial organization, and no political party which is restricted to special interests can hope for success in a nation so broad as the United States.

The Poles and Slavs indulge in race war occasion, but they do not believe in race superiority.

Prose the Vanderbilt will uphold its State Road to keep the auto dust out of the eyes of its citizens.

When the cold fellows get in touch with the kind hospitality they will all be Good Fellows.

## A BIBLE CONVENTION

The Sunday school convention of the Scottish District Sunday School Association, held in the United Brethren church yesterday afternoon and evening was the largest gathering of the kind ever held in Scotland, and probably eight times as many people attended as at the one a year ago. The speakers in the afternoon were Mrs. W. G. Russell, Miss Ann Jean Porter, Rev. A. B. Johnson of the Evangelical church, C. D. Smith, J. L. Loman, and J. L. Loman. The speakers in the evening were Rev. A. B. Johnson, Rev. P. E. Stough who had been on the program having been called away. There were two stirring addresses by Rev. H. S. Smith, pastor of the Methodist Episcopal church on "Co-operative Evangelism," and one by Attorney John C. Staley of Greensburg on "The Income and Outgo." It is safe to say that the more deeply and fully the talks have not been given before any church gathering in this locality for years. The following officers were elected for the association: President, Rev. W. G. Russell; Vice President, Rev. A. B. Johnson; Secretary, Miss Ann Jean Porter; Treasurer, C. D. Smith; Superintendent, Mr. C. B. Bates; Secretary Home Department, Mrs. M. M. Trout; Superintendent Teachers Training, C. D. Smith; Superintendent Temperance Department, Mrs. C. A. Colborn; Superintendent Organized Classes, Walter Storer.

## YOUNG PEOPLE'S DAY

Young People's Day will be celebrated at the United Brethren church on Sunday, May 19. A large number will attend the morning services in a body and the pastor, Rev. W. G. Russell, will preach a special sermon on "The Power of Love." In the evening the young people will have a social hour of the program under the leadership of the pastor, Charles Shupe.

## STABLE BURNED

## MR. STEINER ILL

## CASCARETS WORK WHILE YOU SLEEP

Salt, Calomel and Cathartic Pills Are Violent—They Act on Bowels as Pepper Acts in Nostrils.

Take a Cascaret tonight and thoroughly cleanse your liver, stomach and bowels, and you will surely sleep by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, heavy, distended stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets? Don't forget to take a Cascaret every few days with salt, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the toxic, indigestible and fermenting food and fecal matter, take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will strengthen you out by morning. A 15-cent box of Cascarets means a clear head and cheerfulness for months. Don't forget the children.

## TONA VITA BUILDS UP RUN-DOWN PEOPLE

Physicians Have Great Success With Tonic In This Country.

If you are nervous, debilitated, and run-down in health, there are two things you can do to bring back your strength and vitality. You can go to a sanitarium and take the rest cure, or you can secure the great modern tonic "Tona Vita" and let it build you up and furnish new nourishment for your shattered nerves.

If you know what wonderful results have been accomplished by "Tona Vita" since physicians first introduced it in this country you would much rather take this tonic than to go to any sanitarium on earth. Here is a statement from Mr. J. H. Hume of 321 Twenty-ninth Ave., Milwaukee, Wis., who has tried "Tona Vita": "I was all run down, intensely nervous and suffered with the most violent headache. I felt tired and dull all day, my body seemed debilitated at times, and I did not sleep well. My digestion was imperfect and I was continually constipated. As soon as

I ate anything my stomach filled with gas and I was distressed for a half hour or more. My mind was dull and my memory very poor. I contracted a cold early and suffered with severe coughs. Sometimes I talked with a physician who advised me to take "Tona Vita." I did it and am glad I did for the medicine was wonderful in my case. I feel as though I had a new lease on life. My ambition has returned as well as my strength and energy. "I now sleep well and get up in the morning feeling cheerful and ready for work."

"My wife was also run down and nervous. She started taking the medicine when it began to help me. Her improvement has been fine and she is now in good health."

If you are run down and haven't enough strength to do your own work, if you feel miserable a day longer, when you can get a such a preparation as "Tona Vita."

A. A. Clarke is the agent for Tona Vita in Connelville and will refund the purchase price if it is not entirely satisfactory. The Approved Formula Co., Dayton, O.

## Forwarned! Timely Notice

There will be an unprecedented two weeks of bargains at all the Union Supply Company's stores during the last half of May. This is a forwarned; a timely notice, for every resident of the coke region to be on hand and participate in the great bargain events. It would be a reflection on the intelligence of any man or woman who would not take advantage of this opportunity to save money and supply their homes with all the necessary wants. The high standard of quality of Union Supply Company's goods is established, and that is a feature it is unnecessary for us to talk about. We do want, however, to specify some of the sensational bargains.

## First we Call Your Attention to

the remarkable values that we have for women and misses, consisting of made up shirt waists, dresses, millinery, and complete line of all sorts of furnishings such as hostess, underwear, gloves, hosiery, corsets, and corset covers, lace and embroidery and all sorts of undergarments. And remember, during the balance of this month, the price on all these new fashionable goods are being cut. This sale is unique, because a sale of this time of year is simply a Union Supply Company innovation. It is giving you the advantage of cut prices; reduced prices, something all opposition merchants put off until the latter part of the season when they are obliged to force the stock out.

## Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen.  
We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever. Genuine Castoria always bears the signature of Chas. H. Fletcher.

### FOUR CLUBS IN THE LINEUP

Trotter Goes to Leisnering No. 1 for  
First Game of the League season.  
Good Race Looked For—Curtain  
Drops on Preliminaries July 31.

The schedule for Division No. 4 of the Frick League has been adopted. The schedule was adopted by the league committee and everything made ready for the opening of the season on Monday. The season starts May 20 and closes July 31, leaving ample time for the cup series between the divisional pennant winners.

President R. C. Beebe's division has been reduced to four clubs by the withdrawal of Blaine and transfer of Phillips into Division No. 5. This will give each team a chance to meet the other teams often than would have been possible under a six or eight club schedule. Each team will play 12 games at home and 12 on the road, meeting each other team four times at home and as many times abroad. The schedule for the preliminary season is as follows:

LEISNERING NO. 1 AT HOME.

With Leisnering No. 3—May 27,

### Headache?—It's Your Liver

Too Many People Take Headache  
Powders When a Liver  
Tonic Is Needed.

Try Olive Tablets—the Substitute  
For Calomel.

Dr. Edwards' Olive Tablets are the one substitute for dangerous calomel. They do all of calomel's work without any of the bad after effects.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, gripping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metallic drug. They are a purely vegetable compound mixed with olive oil, sugar-coated, easy to take, and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own,"  
the ad says for box.

### Smithfield.

SMITHFIELD, May 16.—The State Highway engineers were surveying the old Mountaintop road this week. They passed through the borough on Main street which is a part of that road, going southward today.

Mrs. Harry Pitt of Anderson Cross Roads, was a borough shopper on Wednesday.

Mr. Smith, who has moved here from Broadway, Va., has rented the store room on the corner of Main and church street, recently purchased by J. A. Penner, and will start a machine furniture establishment in it. He will manufacture canvas shoes and bags and probably ice cream. He will use electric power and is now having an electric motor installed.

The Baptist congregation are putting in concrete steps at the front entrance to their church.

Mrs. George Dills is spending a few days visiting relatives at Uniontown. The funeral of the infant daughter of Mr. and Mrs. Jos. Miller took place from the residence on Water street on Wednesday. Rev. Ryan officiated. The burial was at Maple Grove cemetery at Fairchance and not in the Baptist cemetery here as erroneously appeared in these columns.

### Helps to a Healthy Refrigerator

When cleaning the refrigerator, all crumbs should be removed, and if liquids are spilled they should be wiped up at once. Remove shelves and scrub them in hot suds, made by dissolving a tablespoon of Gold Dust washing powder in warm water. Dry with a cloth or in the sunshine, if possible. Scrub every part of both the ice and the food chambers thoroughly with the hot suds; rinse in clear water, wipe dry and leave open to air. Scald waste pipe with boiling suds made from Gold Dust washing powder; scrub the drip pan and then replace the parts.

### "WORLD'S LARGEST PIANO HOUSE"

# The Closing Tomorrow OF OUR 60 Cents on The Dollar Sale

will be regretted by many who have put the matter off—but the stock is nearly gone and we cannot get any more. However, we still have left a few choice instruments of our portion of the 500 Archer Pianos, but from present indications they will be gone by tomorrow night. This has been an immense sale and many homes have been made happy by it. There is still an opportunity for you—but you must act quickly—the first come will be served first to the few pianos remaining unsold.

### Bear This in Mind

That the prices are not inflated—that we are selling every ARCHER Piano at 60 cents on the dollar and every instrument offered is perfect and sold on the same terms, if you wish, of \$5 down and \$1.50 a week. No interest and no restrictions. Can we make the proposition any stronger? It is sincere in every sense of the word and the low prices have only been made possible by the discount at which they were purchased—and we are giving you exactly the same inducements we ourselves received—only instead of cash we are making the terms easy. Pianos sold regularly by the factory at \$375 and \$400 we are offering at \$225 and \$240.

You don't have to wait on account of terms—we have made them easy for you.

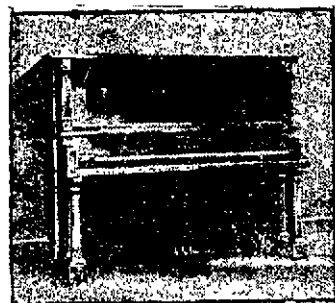

**\$5 DOWN \$1.50 WEEK  
PER**

No interest—places the piano within reach of all. A small allowance from your salary each week will in a short time make you the owner of one of the best pianos in the country.

We are open every evening—so if you cannot come during the day stop in tonight and make your selection. We give you free a nice Stool, beautiful Scarf and one year's tuning. Every piano guaranteed absolutely new and as represented—with the privilege of exchanging at the end of one year if you wish.

# Wright-Metzler Co.

## Every Man's Taste in Clothes

What do you like in the way of cloth in a suit of clothes? How does a worsted strike you? There's something lasting, durable in its twisted thread! The long-plaited strands of wool are very cables for wear! Do you prefer the smooth, dressy effects of the finished worsteds? Or the soft, nappy, full body of the unfinished article? It makes no difference which way your taste lies, we'll satisfy it here! Whatever you buy at Wright-Metzler's is worthy your full confidence in quality and correctness of style. No limit to choice of color or fabrics.

**Suits \$10 to \$35—Extra Values at \$20—Strong Line \$15, \$17.50 to \$25. Blue Serges at \$15 and \$20 Unequaled.**

It is the tailor work that doesn't show that makes a garment hold its shape. And it's the fabrics and colorings not met at every turn that characterizes clothing from the makers of best kinds. These two features are in the clothing at the prices you read above. Here's a point of difference—soft, flexible tailoring, kneaded and stitched by hand to retain its lines. No other store here handles such clothes. The extra merit in them costs more than most stores are willing to pay without charging you a higher price than we do. Notice the man who wears Wright-Metzler's clothes.

**Full-Cut True Blue Overalls, 50c.**

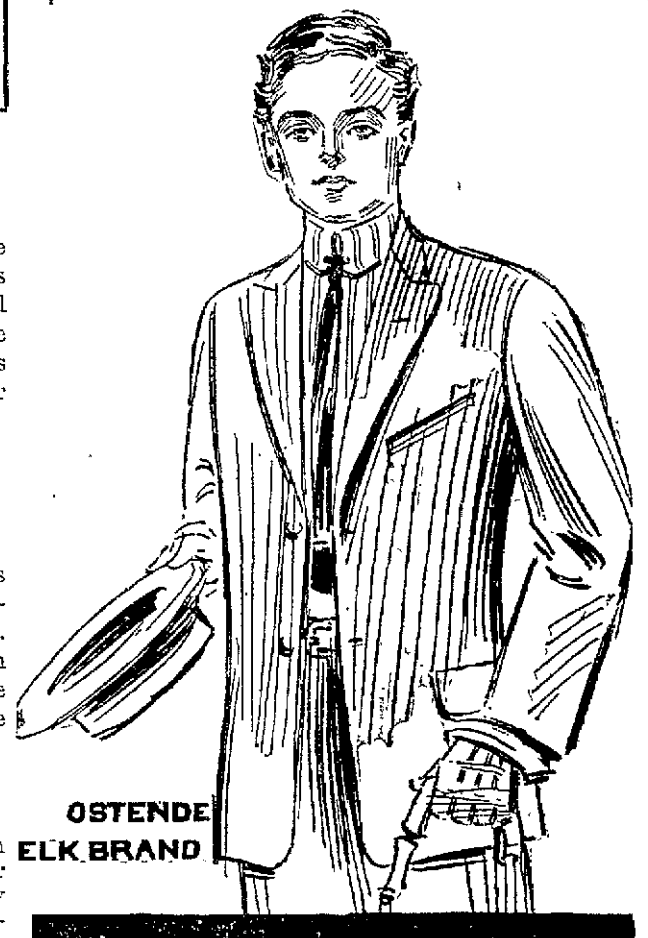

There's a surprise for the man who buys a pair and says, "Oh, well, I don't expect much anyhow at 50c."

**Khaki Pants for Men, \$3.00 to \$1.00.**

Several weights and different shades in color. Neat fitting, safely sewn, properly cut and amply full. All sizes.

**Railroad Men's Specially Good Caps, 25c.**

Made with full, high crowns to allow plenty of air in hot weather. Naturally they'll be cool and comfortable.

**A Few More Men's Suits on the Discard Table at \$5.00 each.**

**Moth Proof Cedar Bags.** Better be putting away the apparel that moths feed on, if exposed. Bags, moth and dust proof, for coats, suits, dresses, furs, etc., 75c up.

### Good Time Now to Choose Trunks, Bags, Etc.

—because stocks are as complete as they'll ever be and you can have wider choice than ordinarily. Trunks are of bass wood (no pine). Regular steamer and wardrobe shapes. Bags are of solid leather, or in the cheaper grades, the best imitations yet produced. Suit cases are of leather, fibre, matting and keratol. Prices are normal and construction is right.

## Saturday Ends the Muslin Underwear Sale

Other lines of White will Continue at Economical Prices Throughout May.

### Why Buy Underclothes in the Sale of White?

Because of the wonderful variety of styles—far more than a woman would ever be likely to see at other times.

Because these styles are the best, following the fashionable lines of the outer apparel and showing the pick of the ideas of a score of manufacturers.

Because the muslins, cambrics and nainsocks are so fresh and fine. No yellowed material, or material stiff with dressing, will find its way into our white sale.

Because the workmanship is all that exacting critics could ask.

Because it's a sale designed to meet everybody's wants.

Because prices are considerably less than at other times, except in January, and less than it would cost to make similar garments at home.

Because the sale ends Saturday and each moment now will see quantities of garments melt away, not to be duplicated.

**After Saturday These White Sale Undermuslins Must Go Back to Their Original Prices—Big Savings Today**

### Dresses for the Prettiest Graduate

After she had looked at them all—fancy, delicate and lacey—she said to her daughter, "Would you like one of these, Alice?" And Alice, her eyes dancing and her face beaming, said, "Would I?—but I hardly know which one, they're all so lovely!" But a few minutes more and a little closer examination and they decided on the "one." That was all—no worry with dressmakers, no changing plans, no wondering if the style would suit when it was made up. Will you see them?—fluffy, dainty white affairs that are wonderfully attractive. ### LEED THE STAR OF CONTEST

Only, Live Man in the Outfield, Donaldson Being Crippled and Press Off Color—Passes Prover Costly and Luck Goes Other Way.

Old dame Hard Luck played a large part in McKeesport's victory over Connellsville yesterday afternoon in an eight inning contest at Fayette Field. To the cause can be added a crippled man in right field. Donaldson hurt his left leg chasing a foul and this, coupled with a slow field caused many sure outs to go for extra bases. Led, in middle, did a man's duty. Press appeared to disadvantage in left and the New York outfielder ran far into right and left fields after safe ones. The game was won and lost in the seventh. Both teams connected for four runs but McKeesport came out on top with an extra tally that was pulled across in the sixth. Connellsville's chances went slithering when Hart was caught at the plate attempting to score from second on Philon's hit. Chances looked bright in the eighth inning when Donaldson singled Manager Wilson threw off the tags and went in to run for the pitcher-outfielder. The first ball pitched was evidently a crossed signal for the manager started at a 2-400 gait down the pathway. About half

way to the keystone sack he found that the ball was in the catcher's hands. A wild throw on the part of Patterson and Wilson was again safely rooted on first base with nothing gained for his exciting experience than a narrow escape. Gross went out from Connolly to Kelly, Wilson going to second. With the manager roasting on second Gross hit a weak one to the pitcher and in quick throw from Connolly to Patterson nailed the manager about three inches from second base. Just at that time "Jup" Pluvius opened the flood gates and although the rain was not falling much harder than it had been throughout the inning, despite McCauley's called the game. The players thought it was the ninth inning and bent it for the bench and cover. The official scorer notified the umpire that but eight innings had been played. At first McCauley was not certain whether he had called the game but finally decided that he had. Suffice to say that most of the crowd had gone home and the majority of the players were also on the way. Manager Wilson immediately entered a protest.

The playing field was heavy. Outfielders were compelled to lift their feet out of the ground before they started to run. The infield was slow and the fielding remarkable good despite bad conditions. Sawdust was sprinkled over the field but failed to remedy matters much. Horne pitched masterly ball with the exception of a tendency toward wildness at times. His made for extra bases in outfield territory would have been sure outs with a good field. Nine men were victims of the fun method. Stevie, batted for the Horne pitched masterly ball with the exception of a tendency toward wildness at times. His made for extra bases in outfield territory would have been sure outs with a good field. Nine men were victims of the fun method. Stevie, batted for the

edition of Hans Wagner, met one on the nose for one base. Patterson struck out but Harris hit in deep right field territory for three bases, chasing in Connolly and Pfeiffer. Kelly got a walk before Horne had settled down and two successive hits by Smith, who went in for Potter, and Zimmerman brought him around.

For Connellsville, Gross led off with a hit, a screamer over second. The Cool cutter miter was forced out at second when Groff hit to third. Major drew a pass. Press hit for two bases over Diener's head and Groff and Miller raced home neck and neck. Press went to third on the throw home. Stevie, batting for Horne, jumped the plate to pitcher and Press was nailed at the plate. Led, drew a walk and Hart's two bases hit scored him. Dunny was caught at home when he tried to tie the score on Philon's short single.

Connellsville played in hard luck all the way and, combined with poor judgment on the bases, resulted in the Cokers' downfall. In the sixth Led led off with a two sacker and went to third when Patterson threw wild to catch Hart at first. With none out and men on second and third Danny Philon started one on a line over short. Had the hit been higher or to one side it would have gone safe. Patterson caught the ball in his tracks and ran back and touched second, doubling Hart who had advanced on the single.

Lead was the star of the contest. The little outfielder played practically the whole game for Connellsville in the outer gardens and got on base every time up. His double was a thing of beauty. The score: CONNELLSVILLE. AB R H P A E
